2020-2021 School Year
Course Recommendation Waiver

Please print clearly.

Student Name: _____ Grade Level for Next Year _____

As the parent of the above-named student, I am requesting a course(s) that is (are) a higher level than was recommended for my child by the instructional team at SLCHS based on teacher recommendation, achievement and skills-based performance of my child/student. I understand that placement at this level requires higher-level thinking skills, improved study habits and a strong consistent work ethic as described on pages 11-12 of the St. Louis Catholic Course Planning Guide. Further, I understand that this choice will present a significant challenge to my child and may result in lower grades.

I am aware that my child may request a level change with no grade penalty within the first 5 classes of the school year, but that it will most likely cause multiple classes/teachers to change. After the first 5 class meetings, students will take whatever the current grade average is from the PAP, Honors or AP course with them to the on-level course in the same content area.

Requests for level changes (from a PAP, Honors or AP) in a core course will only be considered through the first 9 weeks grading period (1st quarter) with the recommendation of the teacher, based on an evaluation of the student's ability or inability to handle material.

The granting of the request will also depend upon the time the course is offered in the master schedule and the space available in the course sections. All level changes are final. Students are not allowed to change back into the previous level of that course.
